

# Corporate Team

## Option 1: Individual Registration

### 1. Team Captain Creates Team

From the Run2Cure website, [www.run2cure.org.au](http://www.run2cure.org.au), a team captain registers as an individual and creates a team, which is prompted during the registration process.

Select YES for 'allow anyone to join my team' when asked within Team Details. Once registration is complete, this captain will receive a link for the team page to share.

### 2. Team Captain Shares Link

The team captain can now share the specific team link provided at the end of his or her registration to colleagues. Individuals can then simply click on the team link and register themselves for Run2Cure.

### 3. Participants Register

Colleagues can now click on the shared link and register themselves for Run2Cure. If registering via the provided team link, people will automatically be registering within the corporate team.

### 4. Payment

People can pay as they register OR the Run2Cure event team can provide a promo code participants can enter during registration for "free" rego. If organisation is paying, an invoice will be issued for the full amount approximately 2 weeks prior to event date.
