10K ADVANCED PROGRAM

This program is designed for someone who runs consistently, with a 10K+ long run already and now wants a PB. You should be comfortable with the 1st week of training prior to starting. 10 weeks long, 4 runs per week (with an optional 5th). You can be flexible regarding what days work best for your schedule to complete work-outs.

RUNNING TERMINOLOGY

EASY RUN

Run relaxed and at a comfortable effort level. You should be able to have a conversation without feeling out of breath.

EFFORTS

Fast and slow paces. Alternating between easy efforts and fast efforts within a continuous run.

TEMPO

A working pace that is comfortably uncomfortable. You can answer simple questions but not have a full conversation.

HILLS

A hard effort, but on a hill. The easy jog down is your recovery time.

LONG RUN

Long runs will be kept at an easy, relaxed effort, unless otherwise specified. You should be able to hold a conversation.

X-TRAIN & STRENGTH

Cycling, swimming, strength sessions at home or in a gym, pilates, etc. Stay strong for running and enjoy the variety.

EXAMPLE

Here's an example of how to manage your weekly sessions.

- WEEK 5 -

WEEK	MON	TUES	WED	THURS	FRI	SAT	SUN
5	8K easy run	Strength	11K run including: 2x3K @ tempo (3min jog)	8K easy run	Rest	15K long run	40min run OR x-train

Warm-Up - Prior to any session, aim to be warmed up with walking and dynamic stretching.

Monday - Enjoy your easy runs. Find a running buddy to help keep you accountable. You should be able to hold a conversation while running.

Wednesday - Always include a solid 10-15 minutes of easy running prior to any interval work. Once your intervals are complete, run easy to complete the total distance.

i.e. Run 3K at warm-up effort, then run a 3K at a tempo effort, jog for 3 minutes to recover, run your second 3K @ a tempo effort, then run the distance needed to complete 11k total to finish.
